

INDIANA

IS YOUR BUILDING HEALTHY? WELLNESS AND SUSTAINABILITY SUMMIT

WEDNESDAY, OCTOBER 11TH, 2017
BUTLER UNIVERSITY, INDIANAPOLIS, IN
9:00 AM - 5:00 PM

Join the USGBC Indiana Central Branch at our full-day educational event. Each education session will be registered for 1 GBCI continuing education hour (including 4 LEED Specific) and 1 AIA LU/HSW continuing education credit.

AGENDA	SESSIONS	PRESENTERS
9:00 AM	Welcome	Anna Waggoner, LEED AP, USGBC Indiana Branch Chair
9:10 AM	LEED v4 - Receive an overview of the rating system and learn about changes from previous versions. Review a case study of the integrative design process for a local project that is pursuing LEED v4 BD+C certification. LEED BD+C Specific CEU	Doug Widener, LEED AP, Regional Director - East North Central, USGBC Hannah Fleck, LEED AP, Civil Engineer + Sustainability Specialist, Guidon Design
10:10 AM	Arc - Introduction to the platform designed to help you collect, manage and benchmark your data so you can improve sustainability performance. LEED O+M Specific CEU	David Marcus, LEED AP, Project Manager, USGBC and Arc Skoru
11:10 AM	Design with Intent for the Future - This session will explain LEED v4 criteria like EPD, C2C, HPD, and Declare, and show how design leaders all over the country are using tools like Mindful Materials, Portico, and other programs to implement these changes into their organizations to design better products, better projects and a better future.	Tim Conway, Vice President Global Accounts Sustainability Account Development, Shaw Industries
12:05 PM	Lunch and Networking	
12:35 PM	Healthy Interiors Keynote – Understanding the unintended consequences and healthier choices related to chemicals in furniture and finishes	Geraldine Drake, NCIDQ, LEED Green Associate, Director of Interior Design, Quinn Evans Architects

INDIANA

1:35 PM	Eskenazi Hospital: Healthcare, Campus, Community - A review of the LEED process, challenges and lessons learned. LEED BD+C Specific CEU	William Wahle , AIA, LEED Green Associate, Vice President and Senior Project Manager, HOK Heather Zeto , LEED AP, President, Platinum Earth
2:40 PM	WELL Buildings - This course introduces the WELL Building Institute (IWBI), the WELL Building Standard (WELL) and explores the aspects of designing spaces that enhance occupant health and quality of life. We will discuss WELL Building Certification and what is required for a project to become registered. Course content delves into how WELL and LEED programs collaborate.	Tony Hans , PE, RCDD, LEED AP, Vice President and National Director of Sustainable Projects, CMTA
3:45 PM	Hinkle Fieldhouse Tour - A guided tour of the newly renovated historic Hinkle Fieldhouse at Butler University. A portion of the facility has earned a LEED Gold certification under Commercial Interiors. Learn about some of the many sustainable features including building reuse, sustainable building materials and alternative transportation. LEED ID+C Specific CEU	Joseph Yount , AIA, CDT, LEED AP, WELL AP, Associate / Architect, RATIO Amanda Doenges , PE, CEM, LEED AP, Director of Engineering & Administration, Butler University Operations
5:00 PM	Adjourn
